Welcome to Yosemite Outdoor Adventures!

**WHAT TO WEAR:**
Check the weather before you pack. Dress for mountain conditions, which means it could be stormy or hot, or both. The program continues light rain or shine, so come prepared for cool weather with layered clothing and waterproof outerwear. If extreme weather is forecasted we will cancel with a refund. We will continue if it’s a mild chance of rain and proceed if possible.

**EQUIPMENT & GEAR TO BRING:**
You’ll need to bring the following gear for this class:
- Daypack with lunch, snacks and plenty of water - at least 2 liters per day
- Rain gear (if rain is forecasted)
- Bathroom Kit: toilet paper and a plastic bag for packing out
- Tennis shoes or bike shoes
- Sun protection: strong sunscreen, baseball hat (under your helmet is a thing), and sunglasses
- Helmet
- Bicycle in good working order including good tires and functioning brakes (there will be the opportunity to rent for an additional fee if needed)
- Bike lock and spare tube

**OPTIONAL ITEMS:**
- Notebook/pencils, sketchbook, journal
- Camera

**DRIVING**
Also, do not forget to fill your gas tank BEFORE you reach the park. There is no gas available in Yosemite Valley. The Crane Flat Gas station (on Hwy. 120) is the only one that usually remains open in the park in the winter and has limited hours.
